

Planning & Operations Phoenix- May Newsletter

Planning & Operations Website

Thank you to everyone visiting our department website since it went live! We will be sending out email reminders to visit the [Planning & Operations website](#) where our future newsletters will be posted with the same great updates and important information!

Connect 2 STEM Drive Thru Experience

Connect2STEM will be held **Saturday, May 22, 2021** from **9:00AM – Noon** at the University of Arizona Phoenix Biomedical Campus Garage (555 E. Fillmore Street, Phoenix, AZ 85004). Registration is required, please visit [Connect2STEM 2021 Drive Thru Experience Tickets](#) to sign up!

Connect 2 STEM Event in PBC Garage

PBC Garage parking permit holder,

On Saturday, May 22, 2021, the University of Arizona Health Sciences has organized a community outreach drive-thru event called Connect2STEM in the PBC garage. 30 Exhibitors and 400 event attendees will be utilizing the garage from 6:00AM - 1:00PM on floors 4-7.

Parking Instructions for Saturday, May 22, 2021:

If you are planning on parking in the garage the morning of May 22, please note the South/5th Street entrance will be closed.

A parking attendant will be located at the Fillmore Street North entrance which will be open for all cardholders. Parking will be open on floor 1 for cardholders.

Alternate parking is available on Saturday, May 22, in lot 10002 or 10003.

Parking Overnight in the PBC garage on Friday, May 21, 2021:

If you plan to park and leave your vehicle in the garage overnight on May 21, cardholders are encouraged to park on floors 1-3 and 8 to avoid disruption or flow for the event.

If you need further assistance, contact PBC Program Coordinator, Danitza Lopez at 602-827-2760.

For more information about this event, visit <https://c2sdrivethru.eventbrite.com>

COVID-19 Testing

Wildcat Family,

As a friendly reminder, the UA COVID-19 Saline Gargle Wash PCR testing occurs every Wednesday from 8:00AM-1:00PM located on the UA-PBC Building 4, Room 115 (714 E. Van Buren Street, Phoenix, AZ 85006). Parking will be available and is free to all participants (see map below), please park near the front doors of building 4. **Please note, in order to participate in the PCR SG testing, we ask that all participants do not eat/drink anything or brush their teeth 30 minutes prior to your test.** Drinking water is okay.

COVID-19 Vaccine

The University of Arizona College of Public Health Phoenix program and Maricopa County Public Health Department have partnered together, to provide the COVID-19 vaccine for vulnerable and underserved communities (i.e., senior housing, public housing, rural community centers, migrant farm workers, refugee centers, individuals experiencing homelessness, etc.). Want to be a part of the COVID-19 vaccine initiative? We need both clinicians (i.e., physicians, physicians assistant, pharmacist, nurses, etc.) to volunteer as a preceptor, vaccinator, etc., and non-clinical personal to support as a scribe, navigator, etc. Please complete the Sign-Up Genius URL link below. Training for specific roles will be provided on-site, prior to the start of the vaccine clinic. However, to get the job done right, we need a team and what better way to approach this initiative than through an interprofessional model, where students, staff, and faculty from different programs on the Phoenix Biomedical Campus, Banner Health and other affiliated healthcare networks, work together to combat COVID-19 and to provide a safer community one vaccine at a time.

Mail Update

As we are transitioning back to campus the dock has returned to it's original hours of operations, Monday through Friday 7:30AM to 4:00PM.

Incoming Mail

Please include the following information on all incoming shipments:

475 N 5th Street

Phoenix Arizona 85004

**Receiving for deliveries is at the dock, which is off of 7th Street*

M-F 7:30AM-4:00PM

Outgoing Mail

As a reminder, the latest a pick up can be requested is at 1PM as FedEx needs a 3 hour window for all outgoing packages. Please place outgoing packages at either HSEB or BSPB security desk if the dock is not available (container labeled outgoing at desks).

Please reach out Theresa Jones if you have any questions: tjones4@email.arizona.edu or 602-827-2722.

Workplace Health and Safety Policy

As employees, students, volunteers and visitors you have the right to a healthy and safe work environment. Please visit <https://policy.arizona.edu/facilities-and-safety/workplace-health-and-safety-interim> for information on the Workplace Health and Safety policy.

Parking Permit Renewal 2021

Dear Permit Holder,

In anticipation of us all returning to campus, **it's time to renew your parking permit!** As we [previously mentioned](#), ACTION is now required if you wish to keep your permit.

What you need to know about [parking permit renewals](#).

Where do I go?

To renew your parking permit, go to the [Parking Account Portal](#). *We've saved a spot in the same location.*

1. Log in with your NetID.
2. Go to Get Permits.
3. Select your parking location.
4. Proceed through the purchase process.
 - a. Note, due to an anticipated high volume, you may enter a waiting room to make your purchase.

We have a [helpful video](#) to illustrate how fast and easy this process is!

At this time, we're still working out how to roll out Permit-by-License Plate for the Phoenix location. So in the meantime, Phoenix parking permits will still be mailed out before August.

Is a parking permit for me?

We understand that circumstances for many have changed, whether it's individuals that can continue to work from home, or only having to work on campus for a few days at a time. If you wish to cancel your renewal, you don't have to do anything. If you don't purchase by the deadline date, our system automatically cancels your permit and places the permit back in the queue for sale.

Unsure if an annual parking permit is for you?

If you are working on campus for 16 hours or more a week, an annual parking permit is still more cost effective than paying an hourly rate. If you want to learn about low cost or car free options, [go here](#).

Know that we are happy to assist, every step of the way! Reach out to us with questions at PTS-ParkingInformation@email.arizona.edu.

What you need to know about renewals 2021

We've created a new renewals webpage that highlights important program changes and information you need to know about renewing.

[VIEW RENEWAL PAGE](#)

PBC Employee Reduced-Cost Occasional Use Permits

Parking & Transportation Services has available the following NEW options for university employees due to the increase in teleworking on campus.

2021-2022 PBC Annual
